

NON-REFUNDABLE DEPOSIT

This small additional investment ensures you are protected should you make damage* on the vessel during your charter. A non-refundable deposit provides you with a sort of *Blame-Division Policy* which divides the risk (and the cost) of the damage between the charter company and the charterer. In case a damage occurs, Customer can be charged with max 75€/per damage. If the damage is lower than 75 €, the appropriate (lower) amount will be charged from *Refundable Security Deposit*.

Vessels between 40-45ft	150 € non refundable + 200 € Refundable Security Deposit

*Covered are all damages and losses except:

- ❖ loss and total damage of the dinghy and outboard engine

I hereby understand and agree with the concept of NON-REFUNDABLE DEPOSIT.
